

THE AUSTRALIAN SOCIETY FOR HISTORICAL ARCHAEOLOGY INC

The Australian Society for Historical Archaeology was founded in 1970 to promote the study of historical archaeology in Australia. The Society encourages archaeological research on historical sites, buildings, artefacts and relics by appropriate means including historical research, survey, recording, excavation and analysis and the publication of results of such research. The Society supports the conservation of sites and relics which are part of the Australian heritage.

The interests of the Society include historical sites, buildings and relics reflecting all aspects of life in Australia from European contact until the present.

The Society aims to promote the exchange of information, research and reference material relating to historical archaeology, within Australia and overseas. The wide range of historical archaeology in Australia is reflected in ASHA's publications: *Studies in Historical Archaeology*, a series of *Occasional Papers*, volumes based on the papers from the Annual Conference, the *Research Bulletin*, the quarterly *Newsletter* and the *Australian Journal of Historical Archaeology*.

The Society's activities include public lectures and an annual conference which provides a forum for speakers from throughout Australia and overseas. Members of the Society receive the quarterly *Newsletter*, the *Research Bulletin* and the *Australian Journal of Historical Archaeology* as part of their subscription.

Membership is open to all those interested in historical archaeology at both amateur and professional levels.

Subscriptions to the Society are as follows:

- Individual membership (per annum) \$25.00
- Corporate membership (per annum) \$30.00

Communications should be addressed to:

The Australian Society for Historical Archaeology
