

APOLOGIES AND EMENDATIONS

The editors regret that the following mistakes were made in printing the article by R. Ian Jack, 'Water-Power in Portugal', *AJHA* 7 pp.50-58:

Figures 4, 6-8, 11, 16-19, 21, 22: add to caption 'Photograph by R. Ian Jack, 1988'

Figure 5: add to caption 'Plan by R. Ian Jack'

Figures 10,11: add to caption 'Plan by Kirsty Altenburg'

Figure 13: the caption should read: 'Sketches, above, of an *azenha* with its vertical undershot wheel, and, below, a *rodizio* with axle (4) of its horizontal wheel (3) operating

a direct drive onto the millstone above (in area of 11, 12). The water supply (1) for the *rodizio* is directed down at a sharp angle, as shown in the small drawings on bottom right: the upper drawing shows a pipe leading down from the water-level, the lower a larger deeper reservoir below the water source.' (Sketches by Fernando Galhano, in de Oliveira, Galhano and Pereira 1983, pp.100, 98)

Figure 14: the caption should read not 'From Parris, 1988', 'Plan by Roger Parris'.
